

**Cultivating Purpose. Uniting Stakeholders. Ensuring a Resilient Planet.**

More than ever, employees want to accelerate the pace of positive environmental change. The EarthShare Corporate Alliance program is a turnkey solution to engage your workforce on the path to achieving your company’s CSR and sustainability goals.

**Your results: Effective team-building, enhanced employee commitment and motivation, and greater visibility as a socially responsible workplace.**

As a member, you will receive the tools you need to easily inform and activate a diverse workforce and other stakeholders around issues impacting the health of people, planet, and industry. Resources include topical, shareable content focused on how our food, water, energy, and economic systems are affected by a changing planet.

Members can take advantage of digital and in-person engagement opportunities to inspire office-based and remote employees, including activities for transformative learning, quiz challenges, tips for home and work, access to experts and local events, and more.

An annual fee of \$7,500 ensures delivery of quarterly content packages and engagement tools. You can begin at any time, and you choose how and when to leverage your member benefits to strategically move your workforce from awareness to connection to commitment.
