*Mission-driven giving for
people and the planet*

EarthShare

Your Giving

Amplified for the Planet

At EarthShare, we believe philanthropy should be simple, strategic, and rooted in purpose. Our Donor-Advised Fund (DAF) makes it easy for individuals, families, and institutions to accelerate environmental progress—with flexibility, transparency, and impact.

EarthShare

OUR VISION

Everyone takes action for a healthy planet.

OUR MISSION

EarthShare empowers people, nonprofits, and businesses with the inspiration and tools they need to build a more just and sustainable world. We do this by accelerating capital to environmental nonprofits and initiatives through our leadership in donor-advised funding, fiscal sponsorship, and workplace giving.

Our Theory of Change

A healthier planet depends not just on bold ideas, but on the collective infrastructure that sustains them. While priorities shift, durable systems for environmental giving and collaboration ensure that essential organizations can persist, adapt, and scale their lasting impact.

Through our core programs—Donor-Advised Fund, Fiscal Sponsorship, and Workplace & Corporate Giving—we help resources flow quickly, transparently, and strategically to where they're needed most.

HOW CHANGE HAPPENS...

1. **Mobilize Resources** | Simplify and expand access to environmental philanthropy through our mission-aligned DAF and Giving Platform.
2. **Empower Leaders** | Provide fiscal and operational infrastructure so changemakers can focus on solutions—not administration.
3. **Catalyze Collaboration** | Connect funders, companies, and nonprofits through shared systems and storytelling that build trust and amplify collective impact.
4. **Sustain the Movement** | Strengthen the ecosystem's backbone, so environmental action remains enduring, adaptive, and scalable.

...AND WHAT WE GET

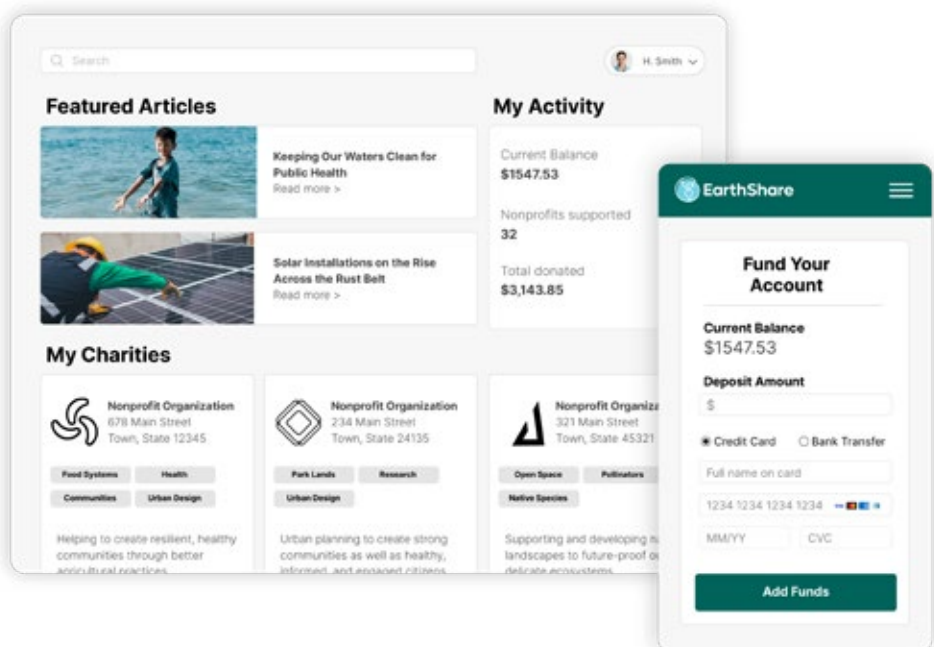

- ↳ **A stronger, more connected, and better-resourced environmental movement—built to meet the planet's greatest challenges**

It's like having your own personal foundation . . . without the administrative burden.

How It Works

- 1. FUND YOUR ACCOUNT** | Contribute cash, stock, or wire—with no minimum required.
- 2. DEDUCT & GROW** | Receive your tax deduction immediately. Funds are invested with mission-aligned partners.

EarthShare partners with trusted custodians and mission-aligned managers to steward your philanthropic capital responsibly. We believe that your capital can have a positive impact even before it is granted to nonprofits. For donor-advised fund balances of \$1 million or more, EarthShare will collaborate with you to develop a customized strategy that integrates your philanthropic goals with your broader investment approach.*

The EarthShare Difference

FOR MORE THAN 35 YEARS, EarthShare has mobilized more than \$500 million to power environmental nonprofits and initiatives worldwide.

Founded in 1988 as the first organization to unite environmental groups in workplace giving, EarthShare continues to build the infrastructure that powers environmental philanthropy today. We make it easy for donors and partners to invest in the planet through modern giving tools that drive measurable impact.

When you open an EarthShare Donor-Advised Fund (DAF), you're doing more than creating a giving account—you're joining a community of donors committed to protecting the planet's future. Unlike commercial providers, 100% of DAF fees are reinvested into our mission—strengthening the network of

environmental organizations that fight climate change, protect biodiversity, and ensure clean air, water, and thriving communities.

The environmental landscape is shifting rapidly. Progress is on the line. We need resilient, mission-driven giving systems that can withstand uncertainty and keep the movement advancing.

EarthShare is that backbone. Through smarter giving options—from Donor-Advised Funds to fiscal sponsorships and workplace programs—we make sure your generosity fuels lasting environmental progress.

Progress comes through collaboration. The challenges are immense, but so is our collective power!

Foundations, Family Offices, & Philanthropic Advisors Are Welcome

We offer flexible tools for grantmaking that help foundations, family offices, and advisors respond quickly to urgent needs, experiment with new approaches, grant with anonymity, and collaborate with other funders. With EarthShare as your mission-aligned partner, you can move capital fast and reduce administrative burdens. Leverage our donor-advised fund to scale your philanthropy, fuel innovation, and accelerate solutions for the planet.
